

2024 Clean Drains Fort Wayne

ONLY RAIN IN THE DRAIN!

ABOUT THE TEMPLATE

Please note, drains will be assigned after design approval. If your design is chosen, your assigned drain may be circular or rectangular and the site's infrastructure may require you to adjust your design slightly. Your **drain text must be included in the template**. Concrete curbs may be painted. Metal drains may not be painted. These templates are meant to give the Public Art Commission Review Committee an idea of what the artist intends to paint. You must complete a design within this template for your application to be considered.

Questions may be directed to Alex Hall at ArtThisWayFW@gmail.com

TEMPLATE (~4' x 4' area on the curb and sidewalk adjacent to the drain)
